

Home Movie Film Transfer Form

Film comes in 3 typical reel sizes, 3" reel = 50 feet, 5" reel = 200 feet, and 7" reel = 400 feet. If the reels are not full, there is normally a gauge written on the 200 & 400 foot reel itself that you can use to gauge how much film is on the reel.

We can create chapters or menus on your DVD's (authoring). Please call for quote.
